# Dedicated To

Dr. Edward E. Redcay

He has been in residence at our college for "nigh on to" thirty years, during which time he has worn such diversified hats as that of the Dean of Men (1937-52), Coach of the Basketball Team (1936-42), Acting President (1952-54), Treasurer of the Student Association and from 1961 on, Coordinator of the honors program for talented students.

Working with his special "sixth sense" he has continued to instill in students a deep pride and a sense of individuality.

His forthright and warm guidance, devotion to high

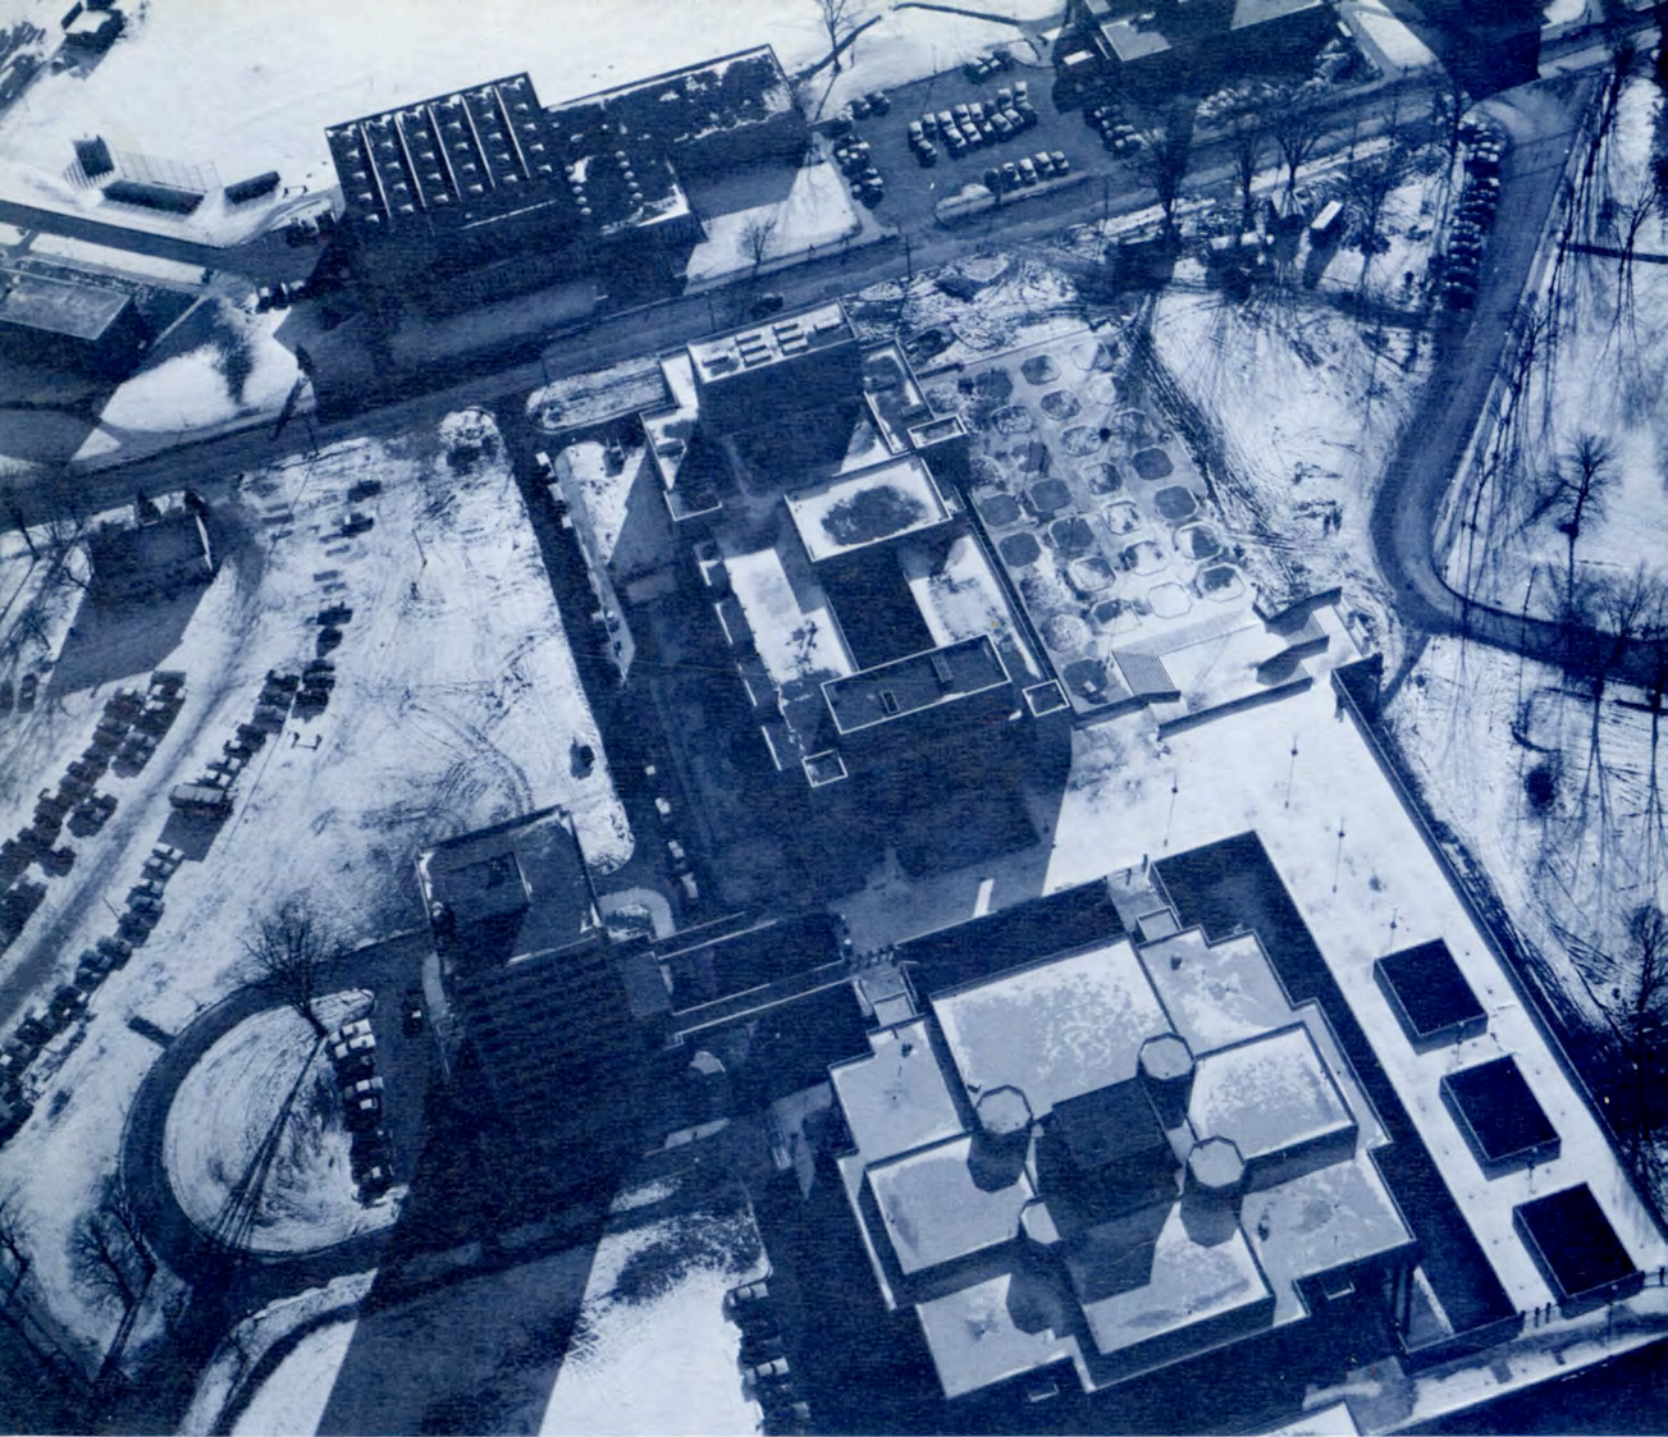

ideals, and his untiring help, often at the sacrifice of his own personal desires, has given him a place in the hearts of all students.

Never once losing faith in those with whom he worked and advised, he has given a bit of himself to us all, touching each "lightly with immortality."

And so, we the staff of Cardinal '69, and the entire student body, respectfully, and fondly, dedicate this yearbook to you, "Doc" Redcay, wishing you great happiness in your retirement.

# An Outstretched Hand

Each of us was made by God

and some of us grew tall.

Others stood out in the wind

their branches bent and fell.

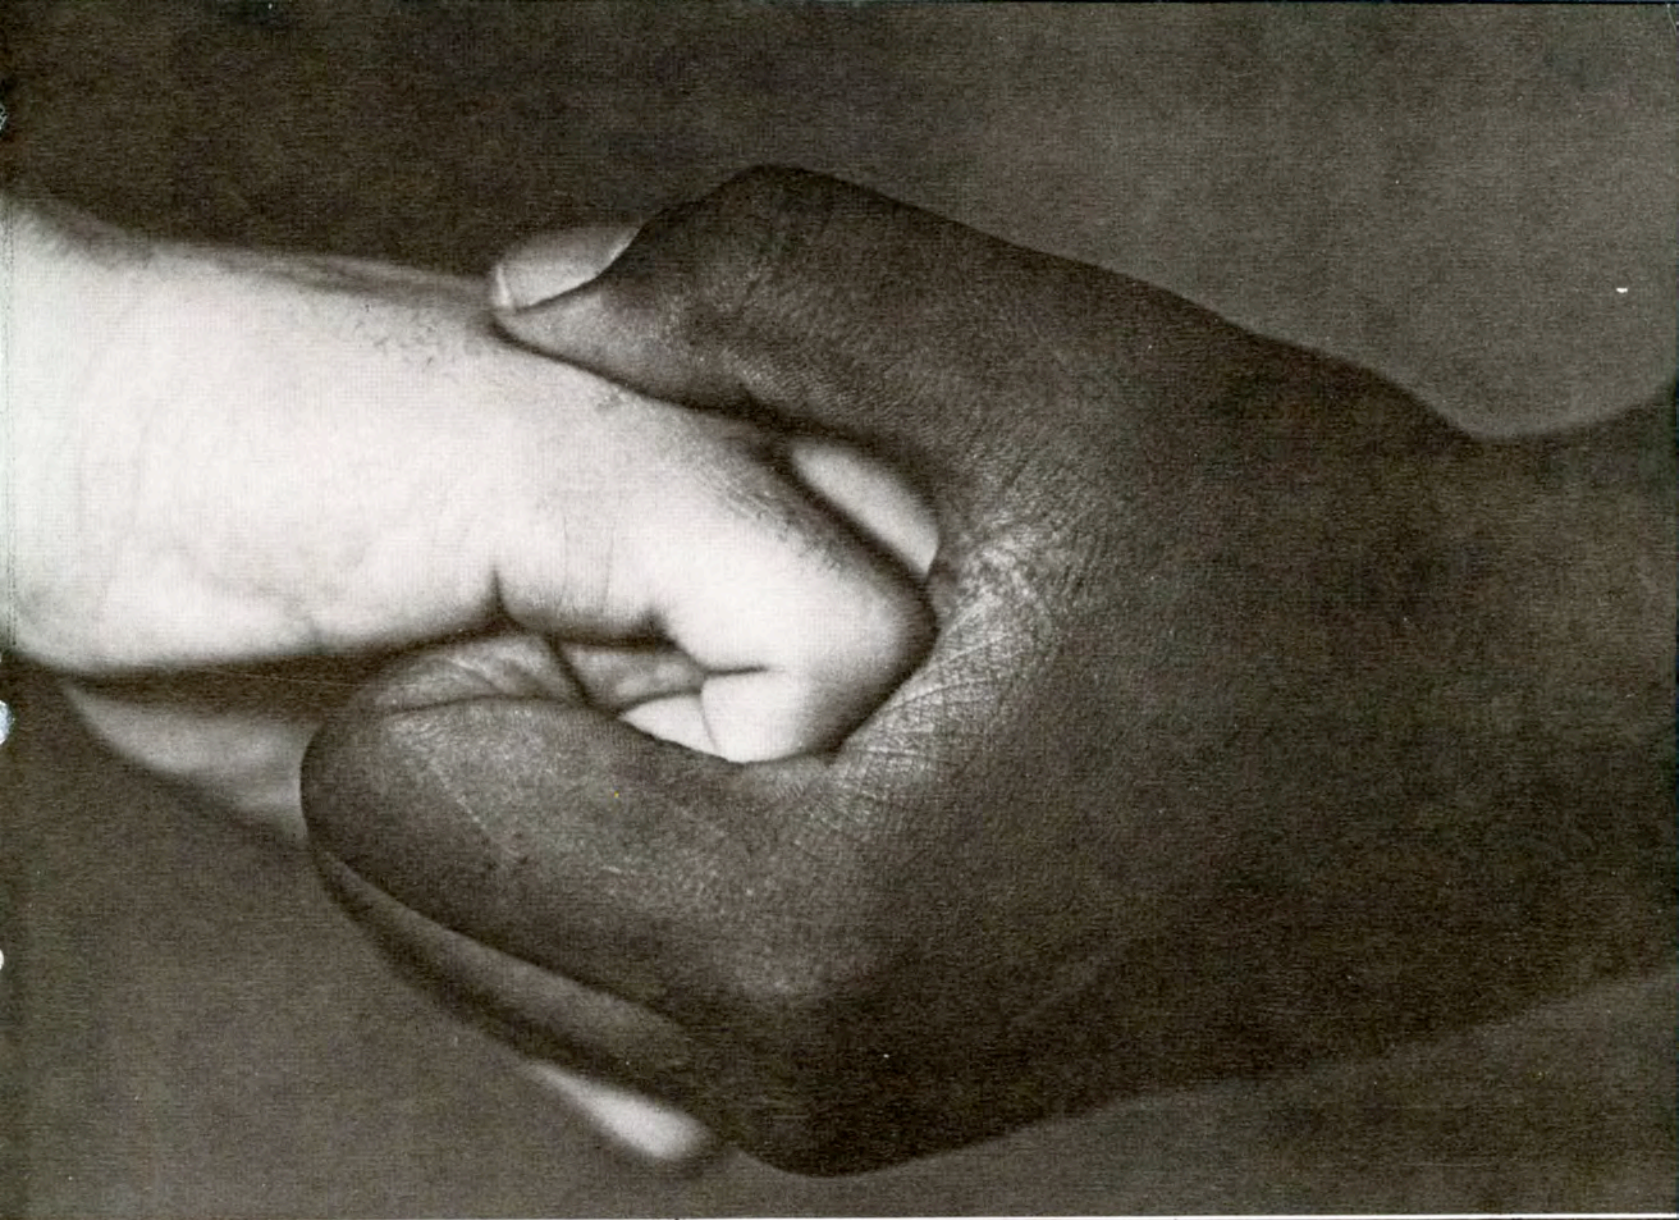

Those of us who walk in light

must help the ones in darkness up

For that's what life is all about

and love is all there is to life.

Each of us was made by God

beautiful in His mind's eye.

Those of us that turned out sound

should look across our shoulders once

and help the weak ones to their feet.

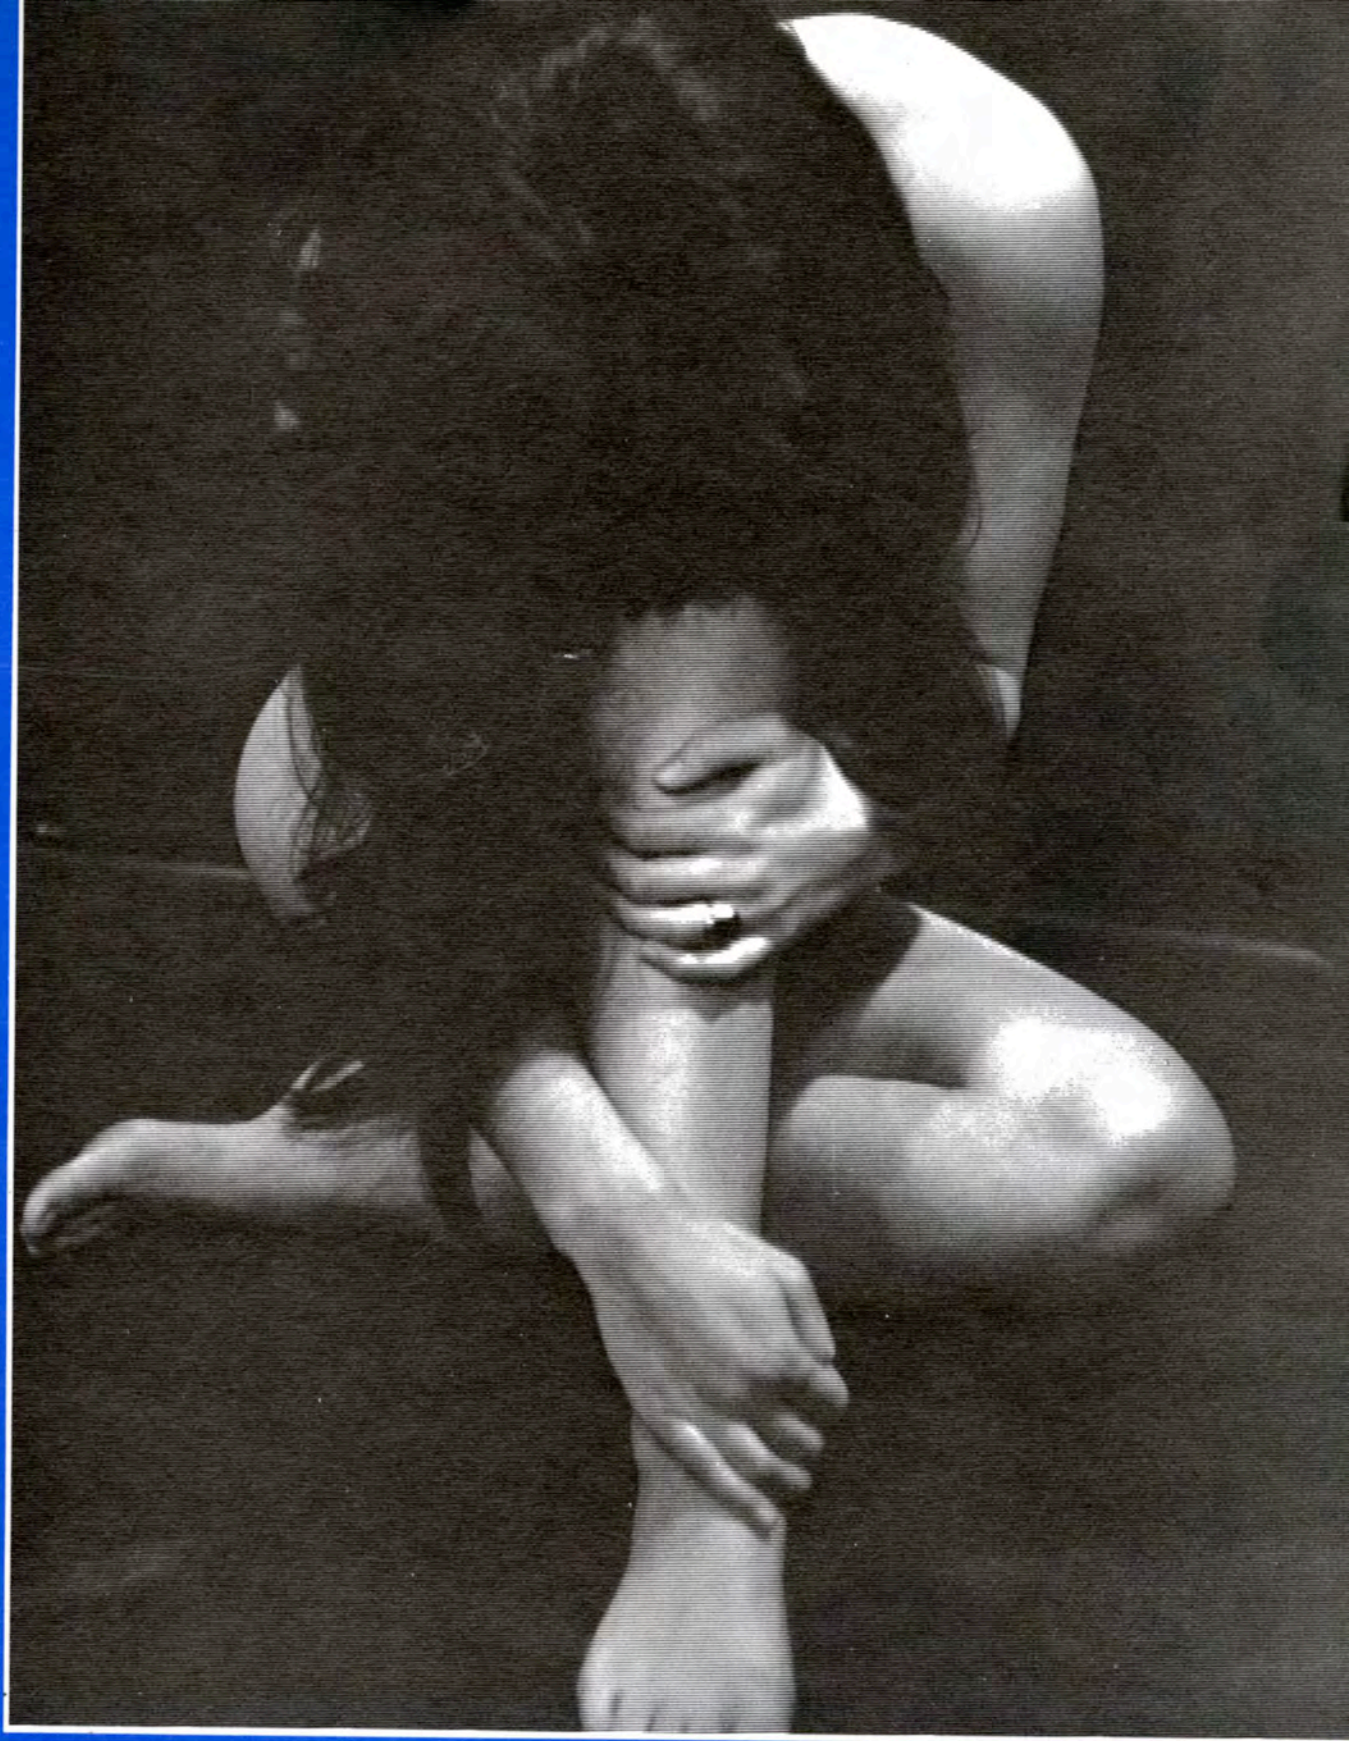

It only takes an outstretched hand.

Rod McKuen

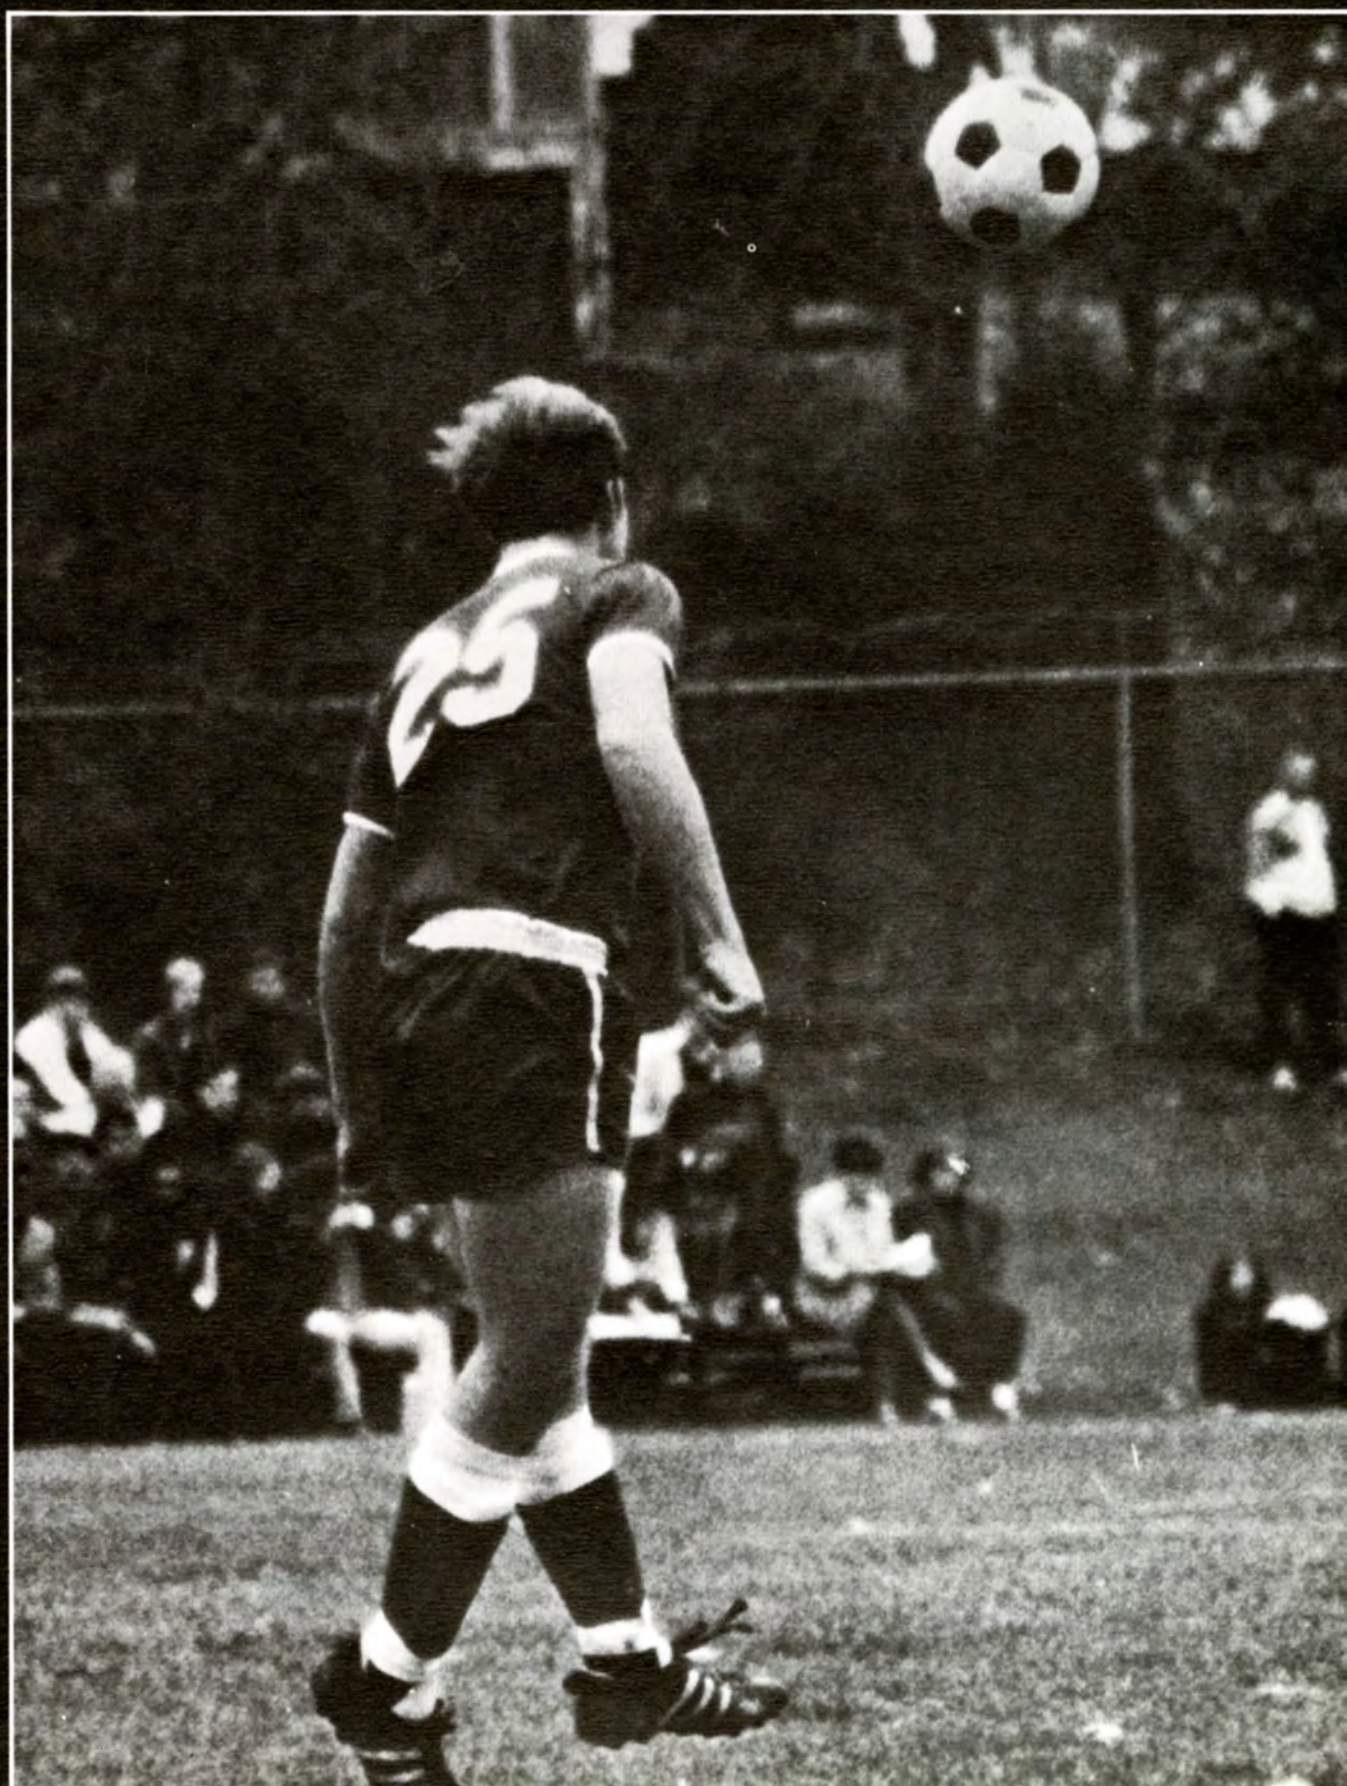

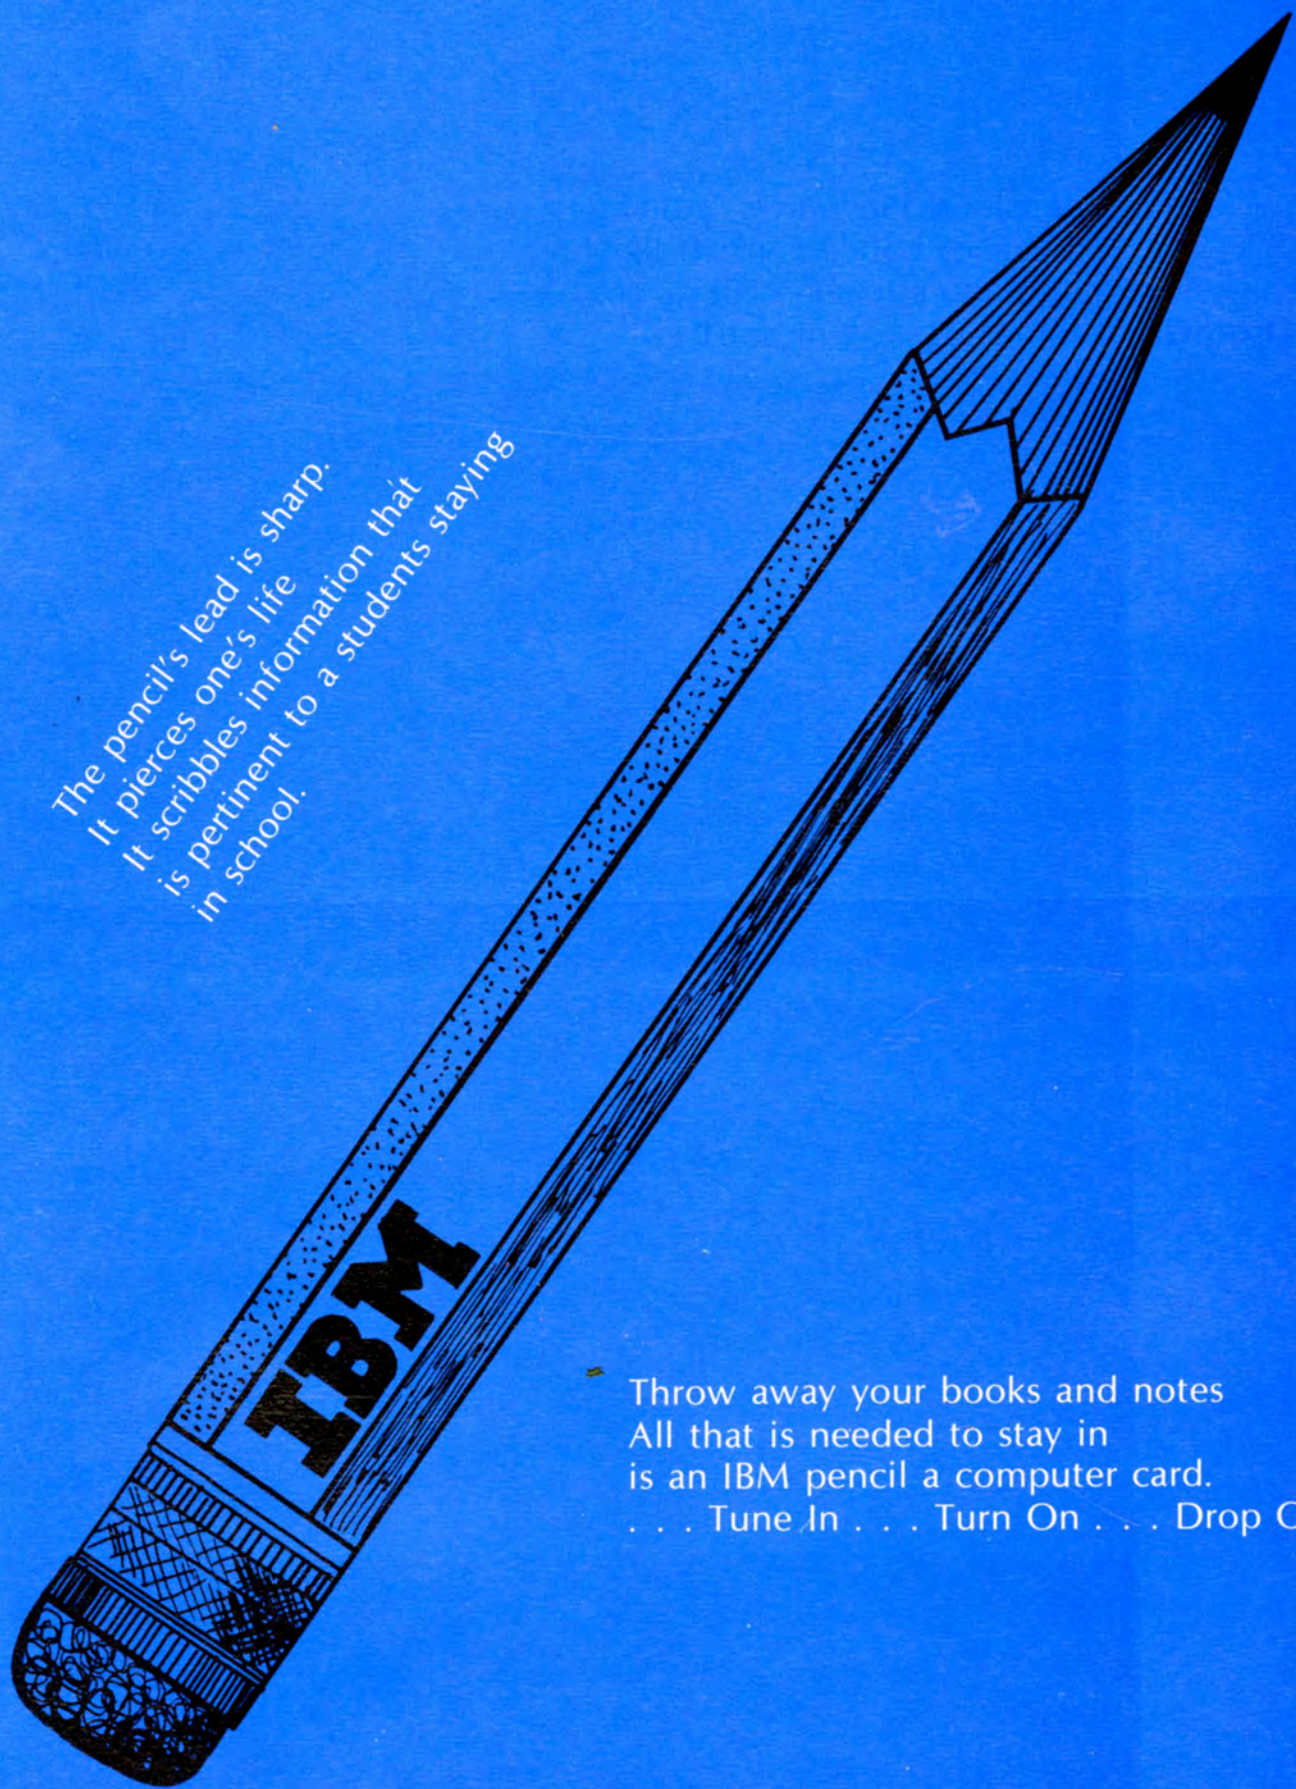

The pencil's lead is sharp.  
It pierces one's life  
It scribbles information that  
is pertinent to a student staying  
in school.

Throw away your books and notes  
All that is needed to stay in  
is an IBM pencil a computer card.  
. . . Tune In . . . Turn On . . . Drop Out.

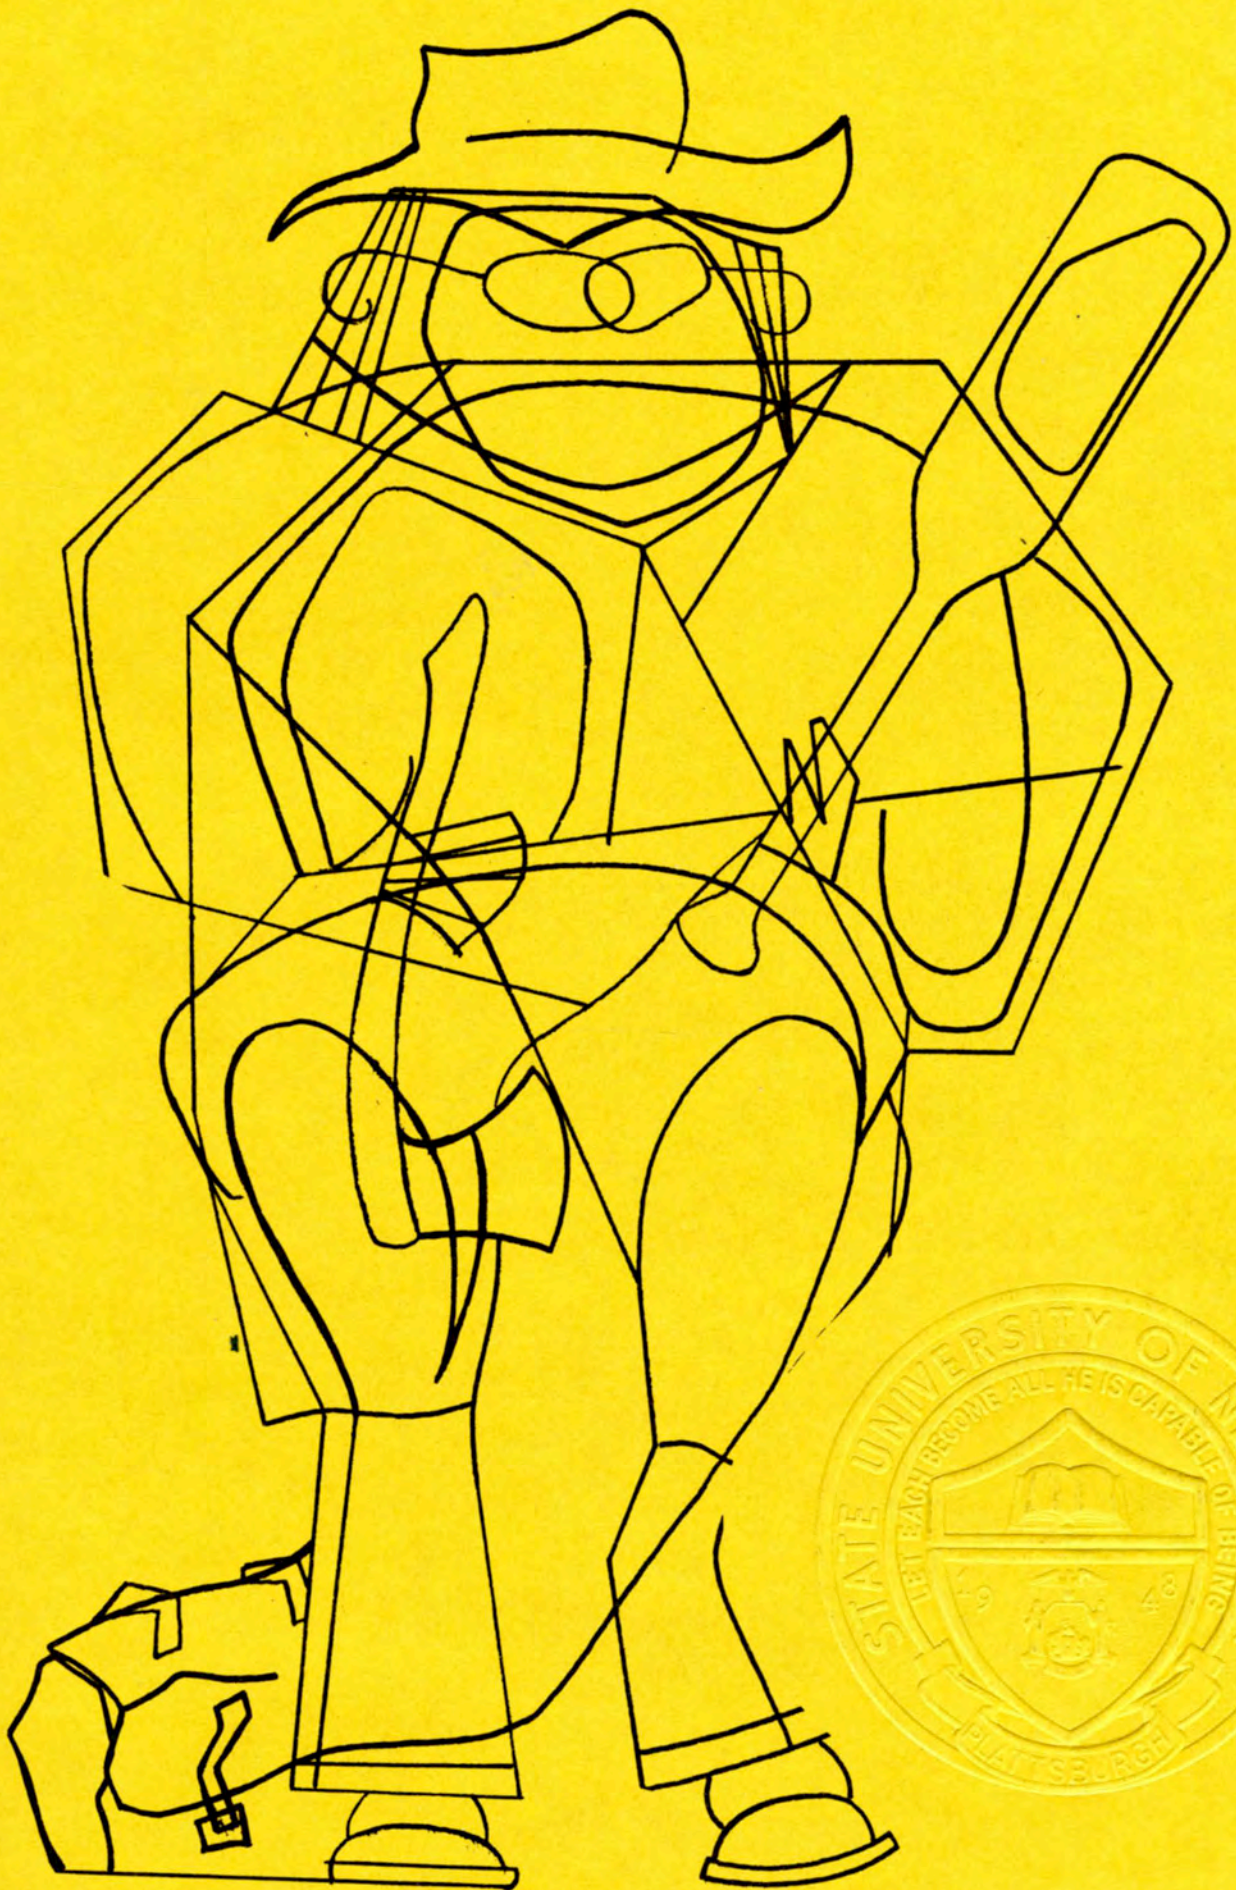

# ORGANIZATIONS

To those parties involved in activities  
A feeling of satisfaction exists  
Knowing that through the interaction of their ideas  
Certain aspects of the campus  
Have changed a little for the better.  
Through the participation in Organizations  
Personal goals are attained  
and the accumulation of valued  
Knowledge is grasped.

FACULTY AND ADMINISTRATION

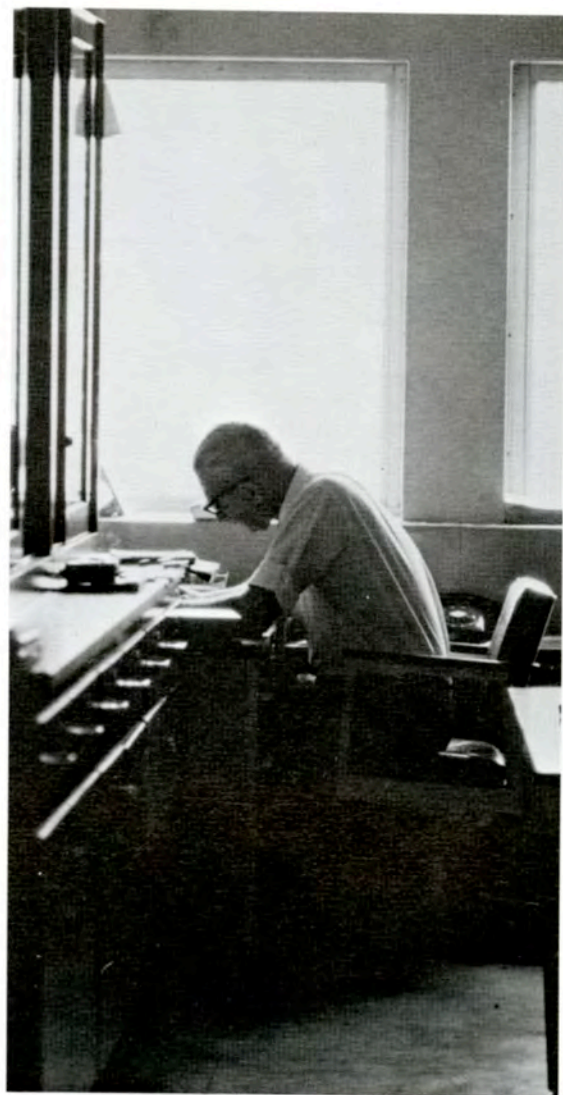

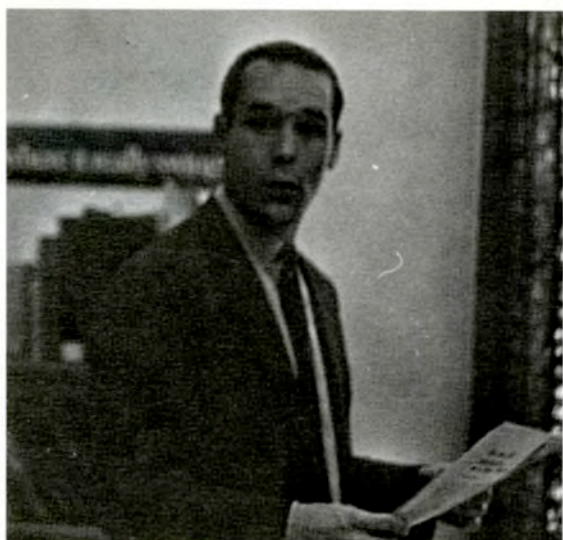

*Ten floors of jurisdiction  
Functioning as one building,  
Putting cohesion in our system.  
The molding of the characters  
Of this school  
Is taking place on ten floors.  
On only ten floors  
Rests only all the knowledge,  
All the organization  
All the responsibility.  
With that in mind  
Consider for a moment  
The job that has been done so far  
By those ten floors.*

*Much of what we achieve  
we owe  
To the men and women . . .  
who dedicate their lives  
To young people.  
We are grateful  
for their understanding and perseverance.*

# SENIORS

*The friends and teachers  
Of these past four years,  
The accumulation of knowledge  
Of the past centuries  
And the shadowy hints  
Of future discoveries  
All mold character.  
This is the miracle of it . . .  
Which turns out a myriad of individuals  
. . . a graduating class.*

*All create memories of years gone by.*

Yearbooks are made for memories and people keep them for many years. This is my first one and for that reason it is a special one. It holds memories of many hours spent in the planning and the carrying out of the editing of this book. I only hope that this book is as special to you as it is to me.

This yearbook is the same and yet different from the yearbooks before it. Plattsburgh State is a place where minds and hearts meet. It is the buildings that compose it and the trees and flowers around it. Most important, it is our memories of events and happenings, students and teachers.

Two hundred and six-teen pages are a lot of pages. Mistakes can't be helped, even though they are annoying, so please accept our apologies. There is a great deal of Plattsburgh State that can never be covered in a yearbook, but we tried to capture as much as we could for you to remember. Putting this yearbook together was an experience, an education, and a loving memory.
